

21-24 November 2023 – Agenda for Hybrid ISSI-Zoom Meeting

The ESA Science Programme Missions: Contributions and Exploitation

Participants: A. Parmar, G. de Marchi, G. Pilbratt and J. Zarnecki.

By zoom: G. Hussain, E. Kuulkers, and N. Schartel

The first day will be spent reviewing the status of each chapter and identifying work needed for completion and examining open issues.

Tuesday 21 November 2023, 09:00-18:00

1. Approval of Agenda
2. Status and contents of chapters. Presentations outlining the current status and open issues:
 - a. ESA Mission Publications – GdM
 - b. Payload provision to the ESA Science Programme – JZ
 - c. XMM Observing Time Proposals – AP
 - d. INTEGRAL Observing Time Proposals – EK (by Zoom)
 - e. Herschel Observing Time Proposals – GP
3. Publication open issues
 - a. List all authors on the first page? Anyone missing? Editors? Referees?
 - b. Do we want to have a comparison with other agencies missions'?
 - c. Do we want anything on Science Team composition for solar system missions?
 - d. For the gender related stuff, do we want to include other authors with different skills?
4. Plan of activities for the rest of the meeting and subsequently

22-24 November 2023 starting at 09:00-18:00

Parallel working sessions on each chapter

Final drafting of the conclusions chapter
